Webinar: Growing Your Career in Soil Science and Planetary & Space Sciences

April 11, 2025

Webinar: Growing Your Career in Soil Science and Planetary & Space Science

Join us for an online panel discussion exploring career opportunities at the intersection of soil science, agronomy, and planetary science. This session will provide students, early-career soil scientists and agronomists with insights into how their skills can be applied in space research, offering a pathway to the rapidly growing field of space science.

Date and time

Wednesday, Apr. 16, 2025 from 12:00–1:00 pm central.

CEUs

CCA/CPAg: 1.0 Professional Development

CPSS/CPSC: 1.0 Professional Meetings

Price

Members/certified professionals: Free

Non-members: \$65
